## **ÁegisLiving Opens Senior Living Community in Redmond, the Company's 10th Puget Sound Community**

*Eastside Business of the Year Continues Commitment to  
Eastside Community*

REDMOND, Wash. – June 12, 2006 – ÁegisLiving, a nationally recognized leader in senior living based in Redmond, Wash., today announced the opening of Áegis of Redmond, the company's tenth community in the Puget Sound area.

During a community celebration this past weekend, community members toured the property, which provides innovative assisted living and Alzheimer's and memory care services. ÁegisLiving also celebrated the opening of its new corporate offices in Redmond in May and was recently named Eastside Business of the Year.

"At Áegis, we focus on the people that live here. We believe we've created a cozy, intimate community at Áegis Senior Inn of Redmond, where our residents will feel right at home," says Jason Porter, executive director of Áegis of Redmond. "I think people will be truly impressed with the natural beauty of this setting, our exceptional staff and our focus on each resident's personal history. We look forward to building our community relationships, and we welcome our neighbors to stop by for a visit and tour."

Áegis Senior Inn of Redmond features Áegis' signature first-class personalized care and assisted living services. The community also features ÁegisLiving's industry-leading Alzheimer's and dementia care program, Life's Neighborhood. Life's Neighborhood recreates the familiarity and comfort of yesteryear for Áegis residents, with special Life Skills stations and a multisensory philosophy of care called *Snoezelen*, which uses sensory stimulation to increase residents' sense of ease – without drugs. Life's Neighborhood helps seniors live their daily lives free of stress and anxiety. All Life's Neighborhood employees undergo specialized training and are individually selected for their positive personal characteristics as well as their skills and experience.

"Our employees are happy working here, and it shows in the high level of care and service that they provide to our residents," says ÁegisLiving founder and CEO Dwayne Clark. "We're dedicated to making a good life for seniors on the Eastside, and we're happy to complement our new Redmond headquarters with this vibrant new Áegis community just minutes away."

Located at 7480 W. Lake Sammamish Parkway, the community is nestled against the backdrop of the beautiful Sammamish waterway that flows between Lake Washington and Lake Sammamish. A covered waterfront patio looks out over this idyllic setting. In addition, Áegis Senior Inn of Redmond is located in the heart of the Redmond RiverWalk. Residents of the new Áegis community will be just steps from the paths that run beside the Sammamish waterway, past willows, firs, cedars and thimbleberry. Áegis Senior Inn of Redmond is a short distance from Marymoor Park, Redmond Town Center, the Redmond Old Town shopping district and more.

Since its founding in 1997, ÁegisLiving has grown to include 40 communities in five states, developed numerous innovative programs and community partnerships, and provided exceptional services to thousands of residents and their families.

ÁegisLiving was recently named Eastside Business of the Year and has been recognized for the last four years as a Best Company to Work For by *Washington CEO* magazine.

### **About AegisLiving**

AegisLiving is a national leader in independent and assisted living with a premier Alzheimer's and dementia care program. AegisLiving operates 40 communities in Washington, California, Nevada, Colorado and Kansas, with more than \$120 million in revenue under management.

AegisLiving provides a diverse group of community options to meet all seniors' needs. **Aegis Senior Living** offers independent, active seniors a distinctive, resort-style community that features luxurious amenities and a wide variety of floor plans. **Aegis Assisted Living** communities are newly constructed and specially designed for seniors who need a little help with assisted-living services or for those who need dementia care. **Aegis Senior Inns** are more casual, remodeled neighborhood communities that offer lower-cost options for seniors who need assisted-living services, or for those who need dementia care.
